SUBJECT INDEX

Antibodies
T lymphocyte development in horses. I. Characterization of monoclonal antibodies identifying three stages of T lymphocyte differentiation 3
Monoclonal antibodies against sheep immunoglobulin light chain, IgM and IgA 19
Generation and characterization of murine monoclonal antibodies specific for bovine immunoglobulin E 53
Analysis of cellular proliferation, and synthesis of lymphokines and specific antibody in vitro by leucocytes from immunized cattle 67
Bovine monoclonal antibody to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Preparation and characterization of monoclonal antibodies against bovine B lymphocyte surface antigens 201
Monoclonal antibodies to human antigens recognise feline myeloid cells 213
Immune responses of trypanoresistant and trypanosusceptible cattle after cyclic infection with *Trypanosoma congolense* 245
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Bovine respiratory syncytial virus-specific monoclonal antibodies 307
Review of enzyme immunoassay for detection of antibody to *Brucella abortus* in cattle ... 331
Primary in vitro stimulation of antibody production by lizard splenocytes 369
Antigens
Immunogenicity of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* in cattle and mice 149
Preparation and characterization of monoclonal antibodies against bovine B lymphocyte surface antigens 201
Monoclonal antibodies to human antigens recognise feline myeloid cells 213
Review of enzyme immunoassay for detection of antibody to *Brucella abortus* in cattle ... 331
Arthus reaction
In domestic cats 229
Azathioprine
Short-term effect on selected aspects of the canine blastogenic response 119
Bacteria
Immunogenicity of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* in cattle and mice 149
Effects of gamma irradiation on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Immune response of sheep to oral and subcutaneous administration of live aromatic-dependent mutant of *Salmonella typhimurium* (SL1479) 259
Review of enzyme immunoassay for detection of antibody to *Brucella abortus* in cattle ... 331
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *Brucella abortus* 379
Bile
Transport of serum IgA into bile of sheep infected with *Fasciola hepatica* 29

Blastogenesis
Short-term effect of cyclophosphamide and azathioprine on selected aspects of the canine blastogenic response 119
Bovine respiratory syncytial virus
BRSV-specific monoclonal antibodies 307
Brucella abortus
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *B. abortus* in cattle and mice 149
Review of enzyme immunoassay for detection of antibody in cattle 331
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *B. abortus* 379
Cat
Monoclonal antibodies to human antigens recognise feline myeloid cells 213
Arthus reaction in domestic cats 229
Cattle
Immunogenicity of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Generation and characterization of murine monoclonal antibodies specific for bovine immunoglobulin E 53
Analysis of cellular proliferation, and synthesis of lymphokines and specific antibody in vitro by leucocytes from immunized cattle 67
Rapid technique for the isolation of highly purified, functionally intact bovine neutrophilic granulocytes 81
Bovine monoclonal antibody to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Adherence, spreading, and locomotion of bovine polymorphs: effect of proteins and metabolic inhibitors 129
Simple method for the in vitro determination of phagocytic activity of bovine polymorphonuclear leukocytes 139
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* 149
Bovine interleukin 2: production and characterization 165
Preparation and characterization of monoclonal antibodies against bovine B lymphocyte surface antigens 201
Effect of Sendai inducing virus in cytopathic effect inhibition assay of bovine leukocyte interferon 237
Immune responses of trypanoresistant and trypanosusceptible cattle after cyclic infection with *Trypanosoma congolense* 245
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Changes in subpopulations of lymphocytes in peripheral blood, and supramammary and prescapular lymph nodes of cows with mastitis and normal cows 279
Spontaneous and mitogen-induced RNA synthesis by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Bovine interleukin 2: production by an E-rosette-defined lymphocyte subpopulation 297
Bovine respiratory syncytial virus-specific monoclonal antibodies 307
Inhibition of in vitro immunocyte function by sera from cattle with bovine leukosis 349
Review of enzyme immunoassay for detection of antibody to *Brucella abortus* 331
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *Brucella abortus* 379

Cell-mediated immunity
Analysis of cellular proliferation, and synthesis of lymphokines and specific antibody in vitro by leucocytes from immunized cattle 67
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *Brucella abortus* 379
Cyclophosphamide
Short-term effect on selected aspects of the canine blastogenic response 119
Dog
Short-term effect of cyclophosphamide and azathioprine on selected aspects of the canine blastogenic response 119
Endocrinology
Bovine monoclonal antibody to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Enzymology
Immunogenicity of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Review of enzyme immunoassay for detection of antibody to *Brucella abortus* in cattle ... 331
Erythrocytes
Clearance of heterologous, homologous and damaged homologous erythrocytes by the isolated perfused rat liver 361
Fasciola hepatica
Transport of serum IgA into bile of infected sheep 29
Fish
Effects of gamma irradiation on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Alterations in the peripheral lymphoid organs and differential leukocyte counts in *Saprolegnia*-infected brown trout, *Salmo trutta fario* 181
Fungi
Alterations in the peripheral lymphoid organs and differential leukocyte counts in *Saprolegnia*-infected brown trout, *Salmo trutta fario* 181
Gamma irradiation
Effects on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Granulocytes
A rapid technique for the isolation of highly purified, functionally intact bovine neutrophilic granulocytes 81
Horse
T lymphocyte development. I. Characterization of monoclonal antibodies identifying three stages of T lymphocyte differentiation 3
Humoral immunity
Primary in vitro stimulation of antibody production by lizard splenocytes 369
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *Brucella abortus* 379
Hybridomas
Generation and characterization of murine monoclonal antibodies specific for bovine immunoglobulin E 53
Bovine monoclonal antibody to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Bovine respiratory syncytial virus-specific monoclonal antibodies 307
Immunodeficiency
T lymphocyte development in horses. I. Characterization of monoclonal antibodies identifying three stages of T lymphocyte differentiation 3

Immunogenicity
Of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Immunoglobulins
Monoclonal antibodies against sheep immunoglobulin light chain, IgM and IgA 19
Transport of serum IgA into bile of sheep infected with *Fasciola hepatica* 29
Generation and characterization of murine monoclonal antibodies specific for bovine immunoglobulin E 53
Short-term effect of cylcophosphamide and azathioprine on selected aspects of the canine blastogenic response 119
Jacalin: its binding reactivity with immunoglobulin A from various mammalian species .. 195
Immunology, general
Fundamentals of immunology (book review) 293
Immunosuppression
Immune responses of trypanoresistant and trypanosusceptible cattle after cyclic infection with *Trypanosoma congolense* 245
Inhibition of in vitro immunocyte function by sera from cattle with bovine leukosis 349
Interferon
Activation of natural killer cells in newborn piglets by interferon induction 109
Effect of Sendai inducing virus in cytopathic effect inhibition assay of bovine leukocyte interferon 237
Interleukin
Bovine interleukin 2: production and characterization 165
Bovine interleukin 2: production by an E-rosette-defined lymphocyte subpopulation 297
Isolation procedures
Rapid technique for the isolation of highly purified, functionally intact bovine neutrophilic granulocytes 81
Jacalin
Binding reactivity with immunoglobulin A from various mammalian species 195
Keratoconjunctivitis
Immunogenicity of a *Moraxella bovis* bacterin containing attachment and cornea-degrading enzyme antigens 41
Lactation
Lymphocyte localization in lymph nodes of swine: changes induced by lactation 219
Lectins
Jacalin: its binding reactivity with immunoglobulin A from various mammalian species .. 195
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Leukemia
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Spontaneous and mitogen-induced RNA synthesis by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Inhibition of in vitro immunocyte function by sera from cattle with bovine leukosis 349
Leukocytes
Analysis of cellular proliferation, and synthesis of lymphokines and specific antibody in vitro by leucocytes from immunized cattle 67
Simple method for in vitro determination of phagocytic activity of bovine polymorphonuclear leukocytes 139
Alterations in the peripheral lymphoid organs and differential leukocyte counts in *Saprolegnia*-infected brown trout, *Salmo trutta fario* 181

Effect of Sendai inducing virus in cytopathic effect inhibition assay of bovine leukocyte interferon 237
Liver
Clearance of heterologous, homologous and damaged homologous erythrocytes by the isolated perfused rat liver 361
Lizard
Primary in vitro stimulation of antibody production by splenocytes 369
Lymphocytes
T lymphocyte development in horses. I. Characterization of monoclonal antibodies identifying three stages of T lymphocyte differentiation 3
Bovine monoclonal antibody to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Activation of natural killer cells in newborn piglets by interferon induction 109
Short-term effect of cyclophosphamide and azathioprine on selected aspects of the canine blastogenic response 119
Bovine interleukin 2: production and characterization 165
Preparation and characterization of monoclonal antibodies against bovine B lymphocyte surface antigens 201
Lymphocyte localization in lymph nodes of swine: changes induced by lactation 219
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Changes in subpopulations of lymphocytes in peripheral blood, and supramammary and prescapular lymph nodes of cows with mastitis and normal cows 279
Spontaneous and mitogen-induced RNA synthesis by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Bovine interleukin 2: production by an E-rosette-defined lymphocyte subpopulation 297
Lymphoid system
Effects of gamma irradiation on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Alterations in the peripheral lymphoid organs and differential leukocyte counts in *Saprolegnia*-infected brown trout, *Salmo trutta fario* 181
Lymphokines
Analysis of cellular proliferation, and synthesis of lymphokines and specific antibody in vitro by leucocytes from immunized cattle 67
Macrophages
Clearance of heterologous, homologous and damaged homologous erythrocytes by the isolated perfused rat liver 361
Man
Monoclonal antibodies to human antigens recognise feline myeloid cells 213
Mastitis
Changes in subpopulations of lymphocytes in peripheral blood, and supramammary and prescapular lymph nodes of cows with mastitis and normal cows 279
Metabolic inhibitors
Effect on adherence, spreading, and locomotion of bovine polymorphs 129
Mitogens
Short-term effect of cyclophosphamide and azathioprine on selected aspects of the canine blastogenic response 119
Spontaneous and mitogen-induced RNA synthesis by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Monoclonal antibodies
T lymphocyte development in horses. I. Characterization of MoAbs identifying three stages of T lymphocyte differentiation 3

MoAbs against sheep immunoglobulin light chain, IgM and IgA 19
Generation and characterization of murine MoAbs specific for bovine immunoglobulin E 53
Bovine MoAb to oestrone/oestradiol prepared by a (murine × bovine) × bovine interspecies fusion 95
Preparation and characterization of MoAbs against bovine B lymphocyte surface antigens 201
MoAbs to human antigens recognise feline myeloid cells 213
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Bovine respiratory syncytial virus-specific MoAbs 307
Mononuclear cells
Isolation of an antigenically "null" cell line from pig peripheral blood mononuclear cells .. 317
Moraxella bovis
Immunogenicity of a bacterin containing attachment and cornea-degrading enzyme antigens 41
Mouse
Generation and characterization of murine monoclonal antibodies specific for bovine immunoglobulin E 53
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* 149
Myeloid cells
Monoclonal antibodies to human antigens recognise feline myeloid cells 213
Natural killer cells
Activation, in newborn piglets, by interferon induction 109
Neutrophils
Rapid technique for isolation of highly purified, functionally intact bovine neutrophilic granulocytes 81
Phagocytosis
Simple method for in vitro determination of phagocytic activity of bovine polymorphonuclear leukocytes 139
Pig
Activation of natural killer cells in newborn piglets by interferon induction 109
Lymphocyte localization in lymph nodes of swine: changes induced by lactation 219
Isolation of an antigenically "null" cell line from pig peripheral blood mononuclear cells .. 317
Polyclonal antibodies
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Polymorphonuclear cells
Adherence, spreading, and locomotion of bovine polymorphs: effect of proteins and metabolic inhibitors 129
Simple method for in vitro determination of phagocytic activity of bovine polymorphonuclear leukocytes 139
Proteins
Effect on adherence, spreading, and locomotion of bovine polymorphs 129
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* in cattle and mice 149
Protozoa
Immune responses of trypanoresistant and trypanosusceptible cattle after cyclic infection with *Trypanosoma congolense* 245
Rat
Clearance of heterologous, homologous and damaged homologous erythrocytes by the isolated perfused liver 361

Respiratory disease
Bovine respiratory syncytial virus-specific monoclonal antibodies 307
RNA synthesis
Spontaneous and mitogen-induced, by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Rosetting-procedures
Bovine interleukin 2: production by an E-rosette-defined lymphocyte subpopulation 297
Ruminants, general
The ruminant immune system (book review) 199
Salmonella typhimurium
Immune response of sheep to oral and subcutaneous administration of live aromatic-dependent mutant (SL1479) 259
Sendai virus
Effect in cytopathic effect inhibition assay of bovine leukocyte interferon 237
Sheep
Monoclonal antibodies against sheep immunoglobulin light chain, IgM and IgA 19
Transport of serum IgA into bile of sheep infected with *Fasciola hepatica* 29
Immune response to oral and subcutaneous administration of live aromatic-dependent mutant of *Salmonella typhimurium* (SL1479) 259
Skin
Arthus reaction in domestic cats 229
Splenocytes
Lizard, primary in vitro stimulation of antibody production 369
Trematodes
Transport of serum IgA into bile of sheep infected with *Fasciola hepatica* 29
Trout, brown
Alterations in the peripheral lymphoid organs and differential leukocyte counts in *Saprolegnia*-infected brown trout, *Salmo trutta fario* 181
Trout, rainbow
Effects of gamma irradiation on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Trypanosoma congolense
Immune responses of trypanoresistant and trypanosusceptible cattle after cyclic infection 245
Vaccination
Comparative immune responses to native cell envelope antigens and the hot sodium dodecyl sulfate insoluble fraction (PG) of *Brucella abortus* in cattle and mice 149
Immune response of sheep to oral and subcutaneous administration of live aromatic-dependent mutant of *Salmonella typhimurium* (SL1479) 259
Humoral and cell-mediated immune responses in non-pregnant heifers following infection and vaccination with *Brucella abortus* 379
Viruses
Effects of gamma irradiation on the lymphoid organs of rainbow trout and subsequent susceptibility to fish pathogens 173
Effect of Sendai inducing virus in cytopathic effect inhibition assay of bovine leukocyte interferon 237
Detection of B and T cells, with lectins or antibodies, in healthy and bovine leukemia virus-infected cattle 269
Spontaneous and mitogen-induced RNA synthesis by blood lymphocytes from bovine leukemia virus-infected and normal cows 287
Bovine respiratory syncytial virus-specific monoclonal antibodies 307
